

## Musto Skiff German Open 2010, Travemuende Week

The seasons highlight of the German Musto Fleet is coming. From 25<sup>th</sup> to 28<sup>th</sup> of July the Musto Skiff German Open 2010 will take place at Travemuende Week. Beside of that it is also an Eurocup event. Online registration is already working!!!

Travemuende Week is the second largest sailing event in Germany. Just Kiel Week is larger. But compared to Kiel, Travemuende concentrates sailing events and fun fair at one place. Directly located at a nice sandy beach, it is also very family friendly.

We will sail for four days from Sunday to Wednesday. Four races per day are planned. The sailing area is the course "Beach" - the traditional skiff course. It is very spectator friendly, but don't forget your binoculars. The Link shows you an overview of the different sailing areas: <http://www.travemuender-woche.net/index.phtml?mNavID=1.100&sNavID=1653.60&La=1>

Beside the races the Mustos are invited by the main sponsor of Travemuende Week (Boatshow Duesseldorf, <http://www.boat-duesseldorf.com/>) to come to the tall ship "Passat" at Sunday evening for free food and beer. On Monday it is planned to have a MPS barbecue at the campsite.

The boats will be located at the beach next to the jetty and the fairway. The campsite is about 800m down the beach. Directly at the waterfront, you have got a good view on the race course. The advantage of the place is, that it is not so alive, so that you are able to sleep at night and not forced to party the whole night long, if you don't like to. But I recommend to bring your bicycle with to get faster to the boat. All who prefer to have a solid roof over one's head can follow the link: <http://www.travemuende-tourismus.de/>
